Dear Parents

Swimming Lessons

The pool has decided that the children will only require two teachers, rather than three which is good news all around for parents as it means the cost is reduced.

In previous years the children have attended Atherstone pool, and the cost of the coach was less than it is to attend Kingsbury. We made the decision to move to Kingsbury pool because the children are able to benefit from longer lessons with higher quality teaching. At that time the difference in transport costs from Atherstone and Kingsbury was passed onto the parents but this cost will now be covered by school.

Therefore, the weekly cost of the swimming lessons per child is £2.84. To avoid school having to refund those parents who have already paid £22.50 for this terms lessons, we will deduct the difference of £5.46 off the spring term invoice.

We apologise for any inconvenience this may have caused.

Yours sincerely

Mrs Alison Field
Headteacher
