Partnership Working at Sheepy

In the current educational climate it is vitally important that schools work in solid partnerships to ensure that we keep abreast of all new initiatives, have up to date training for all staff and opportunities to learn from and share good practice. We belong to three partnerships which all offer us slightly different things which we feel enhances the educational experiences for our children.

Bosworth Education Partnership

This is a long standing group consisting of seven local primary schools and two local secondary schools. The work within the group ensures that all local children are receiving a consistent approach to learning and the same opportunities along their education journey from 5 – 19 years. Our staff work alongside each other to maintain high standards in all areas of the curriculum and beyond. To find out more information please click the link below.

This is another long standing group which has formalised itself into a school company. We work alongside twenty one mainly small, rural Leicestershire primary schools to enhance the opportunities we can offer our children in a small school environment. Every child at Sheepy benefits from the enrichment activities this group provides for children. Head's also work together to make sure that the education we offer as small schools is top class.

Forest Way Teaching School Alliance (FWTSA) is made up a variety of primaries and secondary's and its main purpose is to develop a self-supporting system over a group of schools and other partners to ensure excellence for all pupils across the Alliance. A lot of teacher training is accessed through this group and we are able to keep abreast of national and local developments very easily through it. The link below will provide you with more information.

Diocese of Leicester

As a Voluntary Controlled Church of England school our links with the Diocese of Leicester are strong. They regularly inspect the Christian distinctiveness of our school (our latest outstanding report can be found on their website http://www.leicester-dbe.com/) and we

have to adhere to certain educational expectations. They support us through offering training and advice to staff and governors and regular meetings are held for the Head Teachers of Church schools. They also support us with the delivery of Collective Worship in school and the teaching of RE. As a Church of England school three of our Governors are 'Foundation' Governors which means they are appointed by the Diocese. They also help to monitor and evaluate the Christain distinctiveness of our school.
